

## **ORGANIZATIONS BLUESHEET**

The following organizations are known to operate in and around the Plaza of Flowers.

### **ARIES GANG**

The Aries Gang is a violent biker gang that calls Al Amarja home. Committing crimes throughout the Edge, the Aries Gang gang is known to leave astrological symbols written in blood as its calling card.

### **PEACE FORCE**

This is the Al Amarjan police. Some members of the Peace Force operate openly, while others operate undercover. They are also the only people on Al Amarja allowed to carry firearms. Unlike the drug laws on the island, the gun control laws are actively enforced.

### **FABLE'S CREED**

Fable's Creed is an exclusive club of Satanists that get together to both do religious activities and do the usual kind of socializing done in exclusive clubs. It has a very sinister reputation.

### **THE CUT-UPS**

The Cut-Ups are a band of fucking crazy people. Their motto is "Dada was the theory - we are the practice." They tend to dislike conspiracies (which they claim to see everywhere), as well as having a distaste for pretty much any and every social institution.
